**Subject:** \* \* Update - The Pre-Tucson Mineral Sale is Open! \* \*

The 18th Annual Pre-Tucson Mineral Sale is Open!

This sale is getting a bit of a late start because I've been traveling more than usual this January. I'll be departing again very shortly for the Westward Show (actually two shows this year since we will also be setting up at the main event), but I still have time to ship sale orders prior to leaving. This big sale will run up until the TGMS Show next month. All specimens are taking part in the sale and all mineral showrooms are included in the sale! Specimens will range from 30% to more than 50% off their online listed prices and there is no limit on purchases!

Layaways can also be utilized during the sale. We just updated all the Exceptional

Showrooms and a new Denver Showroom just recently came online. In the next week there will be one more final Denver Showroom Update and these are also included in the sale. If you've had your eye on a specimen for a while, there is absolutely no better time to reserve it for purchase. Specimens can even be delivered during the show in Tucson to save on shipping costs if so desired.

Something for everyone and every collection! All offers are always welcome during the sale! Discounts begin at 30% and can be greater than 50%! Since the entire website is on sale, I'm linking the entire website....
