May Monthly Offerings

Don't miss out on what we have left of the Tessin Quartz as there are only a few pieces left and the monthly offerings are running low this month..place your order now.

Just call #800-941-5594 and ask for Christine or Lora.

The featured mineral is the Tessin variety of Quartz from Peru's Pachapaqui mining district.

We are excited about it as it is an unusual and rare crystal habit for quartz.

On the monthly offerings sheet you will find that Chris's Pick of the Month is a stunning new find of Azurite crystals from the Milpillas Mine in Sonora, Mexico. We found them at one of the tent shows at this year's Tucson Gem & Mineral show.They are a beautiful midnight blue color with just a hint of purple.

There are several other offerings that are sure to please.
