New from Tanzania

I've posted great new specimens in this [Tanzania Update \(click here\)](#), including excellent alabandite crystals (very large for the species), a beautiful sharp corundum (ruby) crystal, dravite tourmalines, a super twinned orange kyanite, scapolite, spinel and prehnite.

Hope you enjoy them!

Canadian and US Dollar

The currency disparity remains significant in favour of the U.S. dollar these days. My usual reminder - prices on the website are in Canadian dollars (if you are thinking in - or used to browsing online minerals in - US dollar terms).

For all new specimens at McDougall Minerals, see [New Specimens](#).
