Manganese Ore - Butte

Dr. Buford L. Nichols Collection

We traveled to Houston, Texas to acquire the species collection of my long time friend, mentor, and collecting partner, Dr. Buford L. Nichols. We are proud to distribute this important collection.

Carminite with Calcite - Ojuela

Chris van Laer Collection

In August, we picked up the Chris van Laer collection in Butte, Montana. Chris has passed away but leaves behind the fruits of his labor. He touched a lot of fellow collectors with his knowledge of pegmatites and Butte minerals. He will be missed. Chris was a regional field collector and specialized in minerals from the miarolitic cavities of the Boulder and Sawtooth Batholiths. Chris also had a nice suite of Butte copper minerals to which we also obtained.

Updates to be Announced.

Amethyst scepter - Montana

Don Owens Collection

From Hot Springs, Arkansas we acquired a large portion of Don Owens collection. Sadly, Don has passed away and will be missed. Don was chief geologist at the old Union Carbide vanadium mine. We acquired many great species from his area.

Updates to be Announced.
