Celestial Earth Minerals & Mineral of the Month Club

January Monthly Offerings

Hello:

This month we have a sweet little specimen that Lora and Christine picked up at this year's Tucson Gem & Mineral Show, cuprite on copper from the Carissa Pit in the Battle Mountain Mining District of north-central Nevada.

A reminder: You can also purchase the featured mineral in larger sizes that will be found on our website, www.celestialearthminerals.com under Featured Minerals.

This month is the first month that we will be posting the offerings and featured mineral on the website and due to "technical difficulties" we will be posting them by the end of the week next week. Accept our apologies for this delay.

Wishing You all a Happy and a Healthy New Year!

Featured Mineral

We are thrilled to offer you these sweet specimens from the Carissa Pit in the Battle Mountain District of Nevada.

During the first week of January you will be able to purchase additional pieces of the copper with cuprite specimens in several sizes at:

<https://celestialearthminerals.com/featured-minerals/>

Click on the link below for the write-up:

Copper with Cuprite- Nevada

Monthly Offering

We will be kicking January off with smokey quartz that was picked by Amanda Atkins in Colorado.

Amanda is best known for her role on The Travel channels' television show for rock hounds, called The Prospectors.

These will also be available for purchase during the first week of January at:
