**Subject:** New Additions Update - Tonight Nov. 1 at 7PM

Hi Folks

A load of minerals from the Arnold Hampson collection and various other minerals will be released for sale at **7 PM tonight, Friday Nov. 1**. These will be basic minerals from many old localities in the eastern and western US. We are still in the process of unwrapping this large collection. Arnold grew up in the 1940's in Rhode Island and attended school at the Colorado School of Mines in Golden. As we continue unpacking this collection, expect to see higher quality specimens along with systematic & rare species from the east coast as well as Colorado, New Mexico, California, and Utah. Arnold was a field collector as well as a member of the Micromounter's Hall of Fame.

A full Bio for Arnold is forthcoming.
