New from the Pete Richards Collection

Exciting news - the Pete Richards collection is here! This is the first of many updates to come, from Pete's fine and extensive collection, beginning with some [U.S. specimens \(click here\)](#).

Many of you know Pete is one of the world's foremost experts on crystal shapes and the phenomena that influence them. If you'd like to read more about him, [click here](#).

Hope you enjoy the update!

Canadian Dollar

The currency disparity is significant in favour of the U.S. dollar these days. My usual reminder - prices on the website are in Canadian dollars (if you are thinking in - or used to browsing online minerals in - US dollar terms).
