Subject: New Additions Update - Tonight (Sunday) - 6pm US Mtn Time

Hi Folks

Sorry for the misfire!! After 20 plus years of web updates, that is the first time ever. Why? you ask. I'm old now and got carried away looking at minerals and thought my update would be at the usual 5 or 6pm. I'll have to fire my boss.

Anyhow, this is a short update of 18 specimens. I will likely keep this weekly schedule of 18 minerals on Fridays and 36 on Sundays.

This update is triggered to go off TONIGHT, Sept. 10 at 6pm Mtn Time.

I hope all of you are staying safe and healthy in this crazy world we now live in. We have one of the greatest hobbies since much of it involves being outside with the fresh air.

Be good, stay healthy and thank you all for your business.

Of a special note, I would like to thank all of our veterans and soldiers for keeping us safe all these years. It's been 20 years since 9-11, and all of you have done a great job of keeping us safe. Thank you for your service, it will never be forgotten.
