Subject: Special mineral update: Diamonds from Diavik Mine; classic mining/mineral books; more new minerals from Tucson

New Minerals Posted at John Betts - Fine Minerals

Special update this week:

Two diamonds from the Diavik Mine, Canada in response to the latest **Mineralogical Record** article that arrived *The Ekati and Diavik Mines, Lad de Gras, Northwest Territories, Canada* by Chris Stefano featuring several photos of my diamonds.

Plus several classic mineral/mining books offered on behalf of Peter Nalle:

A Treatise on Precious Stones: Including their History - Natural and Commercial Minerals of California
Geologic Guidebook Along Highway 49 - Sierran Gold Belt
Evolution of the California Landscape
Walks and Talks in the Geological Field
Driller's Handbook
The Miner's Handbook
Detonators for High Explosives

NEW MINERAL HIGHLIGHTS INCLUDE:

- Fluorite from De'an Mine, Wushan, China
- Sphalerite from Las Manforas (Aliva Mine), Spain
- Fluorite on Quartz from Yaogangxian Mine, China
- Grossular Garnet floater cluster crystallized on all sides from Handan, China
- Rhodochrosite from Santa Eulalia District, Mexico
- Amethyst Quartz from Piedra Parada, near Las Vigas, Mexico
- Ludlockite in Gypsum from Mina Ojuela, Mexico
- Topaz with gem-grade zones from Dassu, Braldu Valley, Pakistan
